WHAT IS CO-OP CAMP?

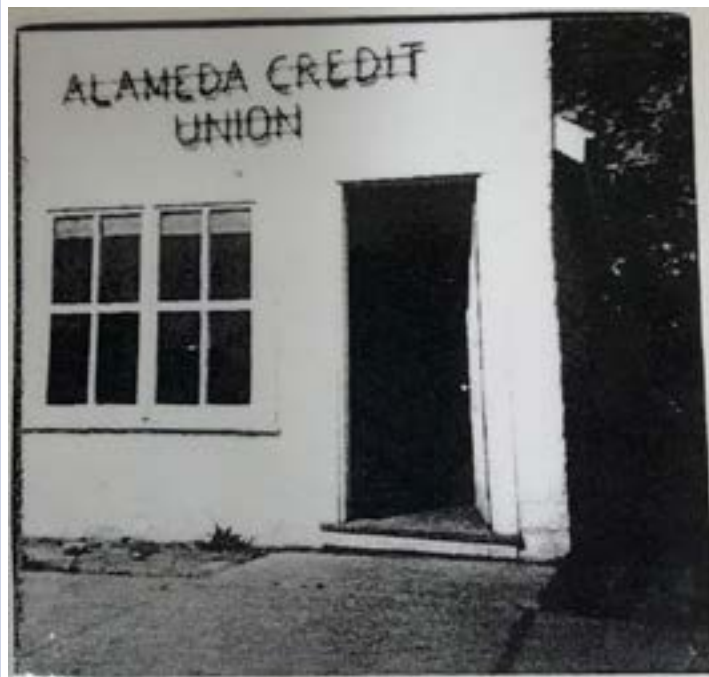

Co-op Camp - officially known as the Saskatchewan Co-operative Youth Program or SCYP - is a series of four and five-day residential summer camp sessions held in July and August.

The curriculum is specially designed for youth ages 12 to 18 to meet new people, develop leadership skills, learn more about co-operatives and how to get involved in the community -- and participate in a memorable summer experience.

**Activities are participatory and interactive, and challenge participants to work together.
Of course, SCYP also offers swimming, canoeing, volleyball, campfires, and other recreational activities.**

Serving our community for 70 years!

Alameda Credit Union was incorporated on April 26, 1950. There were 96 members and assets of \$8,414.00. On January 1, 2001, Alameda Credit Union amalgamated with Alida Credit Union and Gainsborough Credit Union to become Prairie Pride Credit Union. 70 years later, we have 2267 members and assets of \$109,599,696.00!!

Many thanks go out to those who pioneered this important business in our community. Having a credit union in our town has been a great asset.

Please join us in our Alameda Branch on Friday, April 24th as a celebration of this milestone. Cake and refreshments will be served. Pictures and plaques from our archives will be on display.
