

When something so profoundly tragic happens during our lifetime we must all band together. In the wake of such a tragedy this past Friday afternoon with the Humboldt Broncos, we are all feeling the effects. This horrific accident has touched so many across our continent, and will have a lasting impact on how we view and cherish our loved ones. For those that are lucky enough to have been part of a team family can feel the heartache that is only a small part of what the Bronco family is going through. The sports world at every level is showing support for the Bronco organization, friends and family of the one who have been lost or injured.

We here at Prairie Pride are also a family and as such we are not immune to the emotion that these events reveal. Humboldt Bronco family, please know that we are with you in this time of mourning and with any family we will get through this darkness to once again see light. We will once again see light through the legacy that is left behind by the brotherhood of the 2017/2018 Broncos and the special group that they were. We will never forget the bond that we all share with our families is unbreakable even in tragedy.

On behalf of the Prairie Pride Credit Union Board of Directors, Staff and Management I would like to pass on our most sincere and deepest condolences to the Humboldt Broncos organization, as well as the friends and family of the lost Broncos. Although you may be gone from this world you will never be forgotten.

As of now...WE ARE ALL BRONCOS!

Dean Copeland
