

Saskatchewan Provincial Sales Tax Resident Notification Creditor's Group Insurance

The Province of Saskatchewan (SK) has reinstated the provincial sales tax (PST) exemption on Creditor Insurance premiums for Saskatchewan residents. This change is retroactive to August 1, 2017, the date that the 6% PST was first applied to these premiums. As a result, you may be entitled to a refund or credit of the PST you paid on your Creditor Insurance premiums.

Depending on the billing date, eligible Saskatchewan residents will be receiving their SK PST credit/refund in July or August. This will be applied against the next insurance payment, resulting in a reduction of the next payment amount.
